**Breaking the
Cycle of Poverty**

Through Education
and Relationship

Who We Are

Community Uplift Partnership (CUP) recognizes the barriers in our community keeping people from employment opportunities, accessing job training, and developing a sense of purpose. We see the physical, emotional, spiritual and financial impact on those who desire more than anything to provide for their families, but lack access to the resources needed to obtain and maintain employment that provides a sustainable living wage.

Our Focus

Break the cycle of poverty with an employment success program to provide at-risk youth the skills needed for a prosperous future.

91 Hours Per Week

It takes 91 hours per week working a minimum wage job to afford a 2 bedroom apartment.

In Adams County

 **8000**

youth (ages 16-24) are not working and not in school

 **21.3%**

of youth have less than a high school diploma

How will they achieve the annual income needed to earn a sustainable living wage

 **\$27,684**

for a single person
(over 2xs the federal poverty level)

 **\$53,669**

for a single parent & toddler
(over 3xs the federal poverty level)

AND avoid being the 28.1% of the population in Adams County not earning a livable income?
